

MINOR DAMAGE

DONE BY EARTHQUAKE WHICH VISITED CHICAGO

And Made Itself Felt From Indiana on Through Into Iowa.

LASTED ONLY FEW SECONDS.

The First Tremor Passing Over Lake City at 8:41 O'clock.

Beloit College Buildings Rocked Violently by the Shake.

Chicago, May 26.—A slight earthquake shock, lasting only a few seconds, was felt in the states of Indiana, Illinois, Michigan, Iowa and the surrounding territory at 8:41 o'clock this morning.

Reports of the vibrations were received from Beloit, Wis.; Superior, Rockford, Joliet, Keokuk, Streator, Havana, Freeport, Bloomington, Moline, Elgin, Aurora, Springfield, Ill.; and from Janesville, Wisconsin; Dubuque and Dubuque, Iowa; and Muskegon and Kalamazoo, Mich.

Throughout the territory affected only minor damage was reported. Several small fires were started by the overturning of stoves and many chimneys were razed. Aurora, Ill., is said to have suffered heavy in this respect.

In Chicago the shock was generally felt but in the great majority of cases will be attributed to the ordinary causes such as the passage of street cars, elevated trains, blasting in distant quarries or the passage of structural iron on big trucks through the streets.

It was not until newspapers made their appearance with the story that the public learned that there had been an earth tremor.

Damage in Chicago was confined to the breaking of dishes and ornaments shaken from mantel pieces or tables. No fires of consequence were reported.

On the outskirts of the city several small fires were started but were extinguished by house holders.

During the period of the vibration it was almost impossible to get correct telephone connections, owing to the swaying of the wires, damp from last night's rain against each other.

At Beloit all the college buildings rocked violently and many persons experienced difficulty remaining on their feet.

At Rockport chairs and other light objects were overturned. At South Haven and Benton Harbor, Mich., windows rattled violently and much china was broken at Dubuque, Iowa, the vibration seemed to have the effect of two shocks.

ANNNOYS His Wife by Talking to Ghosts at Midnight.

New York, May 26.—Mrs. John Felley caused the arrest of her husband who was formerly captain of engine company No. 1, of the Haymarket, N. Y., fire department, last night on a charge of annoying her. She said that for many months, Felley had been in the habit of getting out of bed just at midnight and talking for several hours to ghosts.

These conversations prevented her from sleeping. Felley declared that he had a number of good friends who were ghosts and that they called on him after midnight for a social chat. His mental condition will be investigated.

NIPPED IN THE BUD Is Harriman's Plan to Have Road Built to His Summer Home.

Circuit Court ASKED TO ENJOIN Treasurer of Oregon From Paying Out Funds Appropriated.

Salem, O., May 26.—Proceedings have been begun in the state circuit court of Moyer county to enjoin the state treasurer of Oregon from paying out \$100,000 appropriated by the last legislature to be used partly to defray the cost of constructing a wagon road from Medford to Carter Lake on the ground that it was special legislation. The road in question was the idea of E. H. Harriman who proposed that it Lamath and Jackson counties would each contribute \$50,000 and the state appropriate \$100,000 more. He would give \$50,000 to make up the necessary \$250,000 which it was estimated the road would cost. The course of the projected road runs from Medford to Pelican Bay. Mr. Harriman's summer home in this state and thence to Carter Lake. The body of water is one of nature's wonders, but its inaccessibility practically prohibits tourists from seeing it.

LANDIS DYING REFUSES TO TALK.

Columbus, O., May 26.—Ben F. Landis, a life prisoner, is dying of heart and stomach trouble in the penitentiary and the authorities are trying to induce him to tell what he knows of two noted criminal cases. He refuses to do so, declaring he will get well.

Landis is thought to have been implicated in the murder of "Celery King" Johnson, in Carey, in 1900. However, the state thought it had a better case against him for the murder of the Sullivan sisters near Toledo and tried him for that offense.

The Wade brothers died in the chair for their share in the crime and Landis was sent to the prison in 1903 to serve a life term. Landis was taken back to testify in the case of the murder of the "Celery King" and turned state's evidence.

There is a possibility that the coming trial of those indicted for the Yokum robbery may be lighted on the Johnson murder.

FLAT FOOTED FOR PROHIBITION.

Bentonville, Ark., May 26.—Not only did the general assembly of the Cumberland Presbyterian church declare its adherence to the principles of prohibition, but went a step further.

Resolutions declaring that "no person or set of men who favor the license or sale of liquor has the right completely tied up. Automobiles, Christian men and any candidate for office who declines to speak openly against the traffic deserves not and should not receive our support," were adopted.

"We have not the control of men's mouths, nor can we hope to gain that control," the resolutions declare further, "but by our prayerful united efforts it is possible and probable that we can control this traffic before it reaches the mouths of our future and many of our present generation."

STONE THROWING A FABRICATION.

Atlanta, Ga., May 26.—New facts bearing on the race issue in the Georgia railway strike came to light today. From investigation along the right-of-way of the railroad it was learned that most of the reported instances of throwing stones at trains were pure fabrications. The danger from such missiles thrown by malicious intent is imminent.

Augusta, Ga., May 26.—The strike situation is practically unchanged here. There has been no attempt to operate trains on the Georgia road today and all traffic on that line is completely tied up. Automobiles and wagons used by nearby towns to obtain supplies were seriously interfered with today by rain.

As police magistrate he received \$100 a month. As a street sweeper he receives \$1.50 per day. Stanton was elected police magistrate of East St. Louis two years ago after filling the unexpired term of Magistrate Patrick McQuane. Time and attention he gave to the office told on his health and he became a sufferer from stomach trouble. He finished his day's work and said:

"I feel better than I have in several years and believe I am on the road to recovery."

PETER HAINS WAS GOOD SHOT.

Columbus, O., May 26.—Captain Peter T. Hains, Jr., who was recently sent to Sing Sing for the murder of William E. Annis, was an excellent shot, as is shown by records discovered in the Adjutant General's office.

The records consist of the scores made by military men in the national shoot at Camp Perry last summer. Captain Hains, in a competition of 235 qualified marksmen, picked from the navy and military to shot for one of the trophies, stood 228, with a score of 22 at 800 yards, 28 at 900 yards and 26 at 1,000 yards, or a total for the long range shooting at 76.

The attaches of the Adjutant General's department say that this is excellent shooting since all of the men must make high scores before they can enter the competition.

Shipp and the five other residents of Chattanooga, Tenn., to prison for contempt of the court as a result of the lynching of Ed. Johnson, a negro, the Tennessee congressional delegation will probably appeal to President Taft to pardon the offenders. IN WISCONSIN SWEARING GOES.

Madison, Wis., May 26.—The inalienable right of a citizen of Wisconsin to use profanity under sufficient provocation is not to be arrogated by the legislature with the consent of Gov. Davidson. The governor is not a profane man, but having lived in the Kickapoo Valley for a quarter of a century he realizes that a person may sometimes be so circumstanced that it is practically impossible for him to refrain from indulging a few sulphurous remarks.

Believing as he does the governor vetoed the bill prohibiting swearing in any public place under a penalty of a \$25 fine or thirty days in jail or both fine and imprisonment.

Assemblyman Hull, author of the bill, will try to pass it over the veto.

U., is the unidentified "Julia" of the spirit world with whom W. T. Stead, English journalist, declares he has kept in continuous communication for many years.

This disclosure is made by Mr. Stead in the current issue of the Fortnightly Review.

"Julia was the first name of Miss Julia Ames, formerly on the editorial staff of the Union Signal of Chicago, the organ of the Woman's Christian Temperance Union," Mr. Stead writes.

Under the "personal" direction of Miss Ames, Mr. Stead purposes to conduct his bureau, which was opened on April 24, in an attempt "to bridge the abyss between the two worlds." It is the Englishman's hope that through it communication may be set up between friends who have been parted by death.

Reports received from the field indicate the yield will average ten bushels to the acre. It is estimated that the best fields will yield twenty bushels. The oats crop is retarded.

DOCTOR FEARS HIS COUNTRYMEN.

Detroit, Mich., May 26.—With his wealth, education and American wife, Dr. G. K. Boyajian held himself aloof from a great majority of the Armenian colony here, causing some ill feeling against him and Sheriff Gascon is taking precautions to protect him from fellow countrymen and friends of Horatious Gastanian, who is suspected, might make an attack on him. Great care is taken in allowing Armenians to visit him in the jail and when he is taken into court he will be accompanied by three of the most active deputies, fully armed.

The prosecution is making quiet preparation to meet a defense of insanity. The county physicians, whose duty it is to attend to prisoners in the county jail, have been instructed to make a careful study of the doctor and be prepared to act as witnesses at the trial. The city has been officially dry for four years under remonstrance law.

The precatious in which Indiana University located gave the banner "dry" majority of 127. Many students were voted by the "dry" element.

AMERICAN ARRESTED

In Norway Who Confessed He Helped Mrs. Guinness Murder

FOUR PERSONS ON HER PREMISES.

Case Has Been Presented to American Minister at Christiania.

Christiania, May 26.—A young American sailor is under arrest at Frederikstad, near Christiania, as a self-confessed murderer. He told his captain that he helped Mrs. Belle Guinness kill four persons on her farm near Laporte, Ind., and that he then killed Mrs. Guinness herself.

The man did not impress the captain as being insane, but as one forced by his conscience to tell the truth. The sailor is under observation as to his mental condition.

The case has been reported to H. D. Peirce, the American minister to Norway.

The house occupied by Mrs. Guinness was burned, with all its occupants April 28, 1908, and the woman's numerous crimes were then revealed. What were supposed to be her own bones were found in the ashes of the house.

They apprehended Maggie McIntyre, one of the maids, who was walking in her sleep. It developed that she had been a victim of nightmare for several years.

EMERY CLAIM

LONG DRAWN OUT IS SOON TO BE SETTLED.

Secretary of State Knox Secures the Signing of Protocol

FOR SUBMISSION OF THE DISPUTE

To Arbitration Subject to the Final Approval of United States.

Disagreements Arose Over Concession to Cut Mahogany.

Washington, May 26.—Promptly resuming the thread of his discussion of the sugar schedule of the tariff bill, Mr. McEnery of Louisiana, in the senate today dealt with the attitude of the southern states and southern statesmen toward the policy of protection.

Mr. McEnery spoke specially of the need of a protective tariff on lumber which industry he said employed 35,000 men, producing lumber worth \$44,000,000 annually.

After pointing out that southern senators had voted for a duty on lumber which produces a revenue of only \$2,000,000 annually, Mr. McEnery called attention to the vastly greater income produced by sugar which yields a revenue of \$60,000,000. "I want to appeal to southern senators," he said in ringing tone, "to abandon their absurd ideas or theories of a tariff for revenue only and vote to support the industries of the United States."

Washington, May 26.—Secretary of State Knox last night won the final round of the long-drawn-out controversy with Nicaragua over the Emery claim when a protocol for submission of the dispute to arbitration was signed at the Secretary's home by the head of the State Department and representatives of the Central American Republic.

In the protocol is a provision that during four months from this date the representatives of Nicaragua will have the opportunity to endeavor to reach a definite settlement of the claim directly with the company, subject to the approval of the Government of the United States. Failing in such a settlement the course of arbitration will begin at the expiration of the four months.

The claim, which has been long pending, arose out of the annulment by Nicaragua of a concession granted for cutting mahogany, because of an alleged violation of its provisions.

About two weeks ago Pedro Gonzales arrived in Washington as a special messenger from President B. Laya, of Nicaragua, to settle the claim either by compromise or by arbitration.

Soon after Secretary Knox came into office he sent to Senator Espinosa, Nicaraguan Minister here, a communication generally regarded as an ultimatum, whereupon President Laya announced the appointment of Senor Gonzales as a special Ambassador to settle the claim.

In receiving Senor Gonzales on May 17 last President Taft said to him in part:

"In performing the acts which constitute your mission I need not assure you that you will be received by this Government with that equitable and kindly disposition which has always characterized the attitude of the United States toward Nicaragua, and which, coupled with a mutual trust, sincerity and regard for justice, is the only sure ground of continued relations."

(By R. V. Sawhill.) A couple of passed balls, several errors and a little luck and one timely sacrifice followed the Cigarmakers to the odd game of the series from the dugouts yesterday afternoon. It was a beautiful battle marred toward the close by the errors of the local team. The game, figured on the basis of earned runs, would have gone to Mansfield by a 1 to 0 score, but a scoreless Lima gets credit for the victory. Mansfield 1, Lima 4.

The game was a battle between the Cigarmakers and the Lima team. The Cigarmakers won the six consecutive victory for Pennsylvania this season, having lost only one game. He performed against Mansfield on one other occasion, being touched up for only two runs. Yesterday they treated him to the more roughly annexing six safe hits, but he always tightened up in the pinch.

Pennsylvania did not have a shade of a chance in the pitching line. The new Tiger finger weakened a trifle in the ninth, but perfect play should have retired the visitors. He allowed but one hit up until that time, three coming in that session at the third out should have been made.

This young Schanze looks like a real thing. He was as cool as T. R. with a baton coming at full speed toward him. He issued four passes to first, but he looked as if the umpire missed several quick breaking curves and he put him in the hole. Foutz doubled in the sixth and this was the only hit registered off of him, until three in the ninth. He pulled a fast out of several had holes in his style.

Pennsylvania also pitched a splendid game. He was touched up for six hits, only one of which was a run. He was in bad on three occasions during the first eight innings but always steadied down and refused to allow the ball to be hit out of the infield. The Tigers escaped a hit out after two were down in the ninth on two walks and a single by Foutz. Foutz hit a home run. He fanned five batters and three of the strike outs coming when a hit would have been damaging.

Lima opened up in the first inning and scored a run. Fink was passed by Miller. Reilly sacrificed him. Foutz grounded out to Biery. Foutz was passed and stole second. Fink having reached third on a passed ball. Another passed ball allowed Fink to score and placed Foutz on third. The visitors were retired in order in the next two innings but got two men on in the fourth after two were down. Fink was passed and scored. Fink was safe when Flood failed to handle his grounder fast enough. Newham was retired Flood to Biery. Fink again went out in order in the fifth but scored their second run in the sixth. Reilly was safe when his grounder went through Davy. He was sacrificed to second and scored. Foutz's double to right center. Fink flew out to Smith and Foutz was doubled up trying to reach third

on a well throw by Smith. In the eighth Pennsylvania reached first on Flood's error and second when Kettler dropped Schanze's throw on Reilly's grounder. Fink had fanned and Miller and Foutz flew out to Clark and Smith. In the ninth Fink singled but was forced at second on a good play by Flood. Sykes stole and scored when Davy's throw low to Biery on Newham's grounder. Weller scored Newham with a double to right. Pennsylvania singled and Fink was passed filling the bases with one down. Reilly popped one to Biery and Weller was doubled off third.

Clark's pass and Smith's single in the first put men on first and second in the first but Biery and Davy flew out to Fink and Foutz. Flood doubled in the second and stole third after Kettler had fled out to Weller. Breymaier and Schanze fanned. In the fourth Flood was hit but was caught stealing, two being down. Smith singled with two out in the sixth but was forced. In the seventh with one out Flood singled and Kettler doubled. Breymaier drove one at Pennsylvania and Flood was caught off third, the drive looking good. Schanze fanned. Smith was passed in the eighth, with two out, but was again forced. In the ninth Davy fled to center, and Flood grounded out third to center. Kettler and Breymaier were passed and Hucholz scored Jimmy and put Hezy on third with a clean single to center. Redman grounded out Fink to Sykes.

## SWEETEST EVER

Will be Second Wife of John L. Sullivan.

John L. Sullivan, the once heavyweight champion of the world, will at an early date take unto himself another wife. The statement respecting his matrimonial intentions came from the noted pugilist himself while playing an engagement at the Pantheon theatre in Seattle some two months ago.

"I'm going to marry again—to just as your husband did when he married you—marry the sweetest of my boyhood days," Sullivan said, addressing the lady at whose home he was dining. His hosts, both the husband and wife, had known Sullivan for more than 20 years, and John L. spoke to them without reserve.

"I cannot marry yet awhile," the old fighter continued, "for we will have to wait a year from the date of my divorce."

Sullivan, beyond the statement that she was the sweetheart of his boyhood days, disclosed nothing as to the name or identity of his future bride.

## PRESIDENT JOHNSON

Works Out Scheme to Make the National Game Faster.

SPRINGIER BALL WILL BE USED.

Its Use Will Make Home Runs Common Thing Once More.

Chicago, May 26.—President Ben Johnson, of the American league, has devised a scheme whereby the National game will be made faster. He has obtained a baseball which is pringer and faster than the ball now used and will distribute it to the various clubs in his league. The teams will try out the ball in their practice and if it is found satisfactory it will be used in all championship games.

The ball is much the same as that employed when Delahanty the first used to whack out ten or twelve home runs during a game. In these times such a big hit as a double was scorned. It had to be a triple or a home run; nothing else went. If the ball stands the test the patrons of the American league will see an increase in batting.

## CRESCUS LED OUT BY KETCHAM.

Creseus, the champion trotting stallion, now owned in Russia, is once more in good humor, having consented to be led from his stall, and George Ketcham, of Toledo, former owner, will sail from Liverpool for home on June 3rd.

Mr. Ketcham had no trouble in getting the famous stallion to come out and enjoy the fresh air. The horse recognized the voice of his former owner instantly and before he presented himself.

Creseus began kicking on the door a moment after Mr. Ketcham and party arrived and when it was opened, and Mr. Ketcham spoke to Creseus, the great trotter, began prancing about and holding out his head for Mr. Ketcham to pat him.

After Mr. Ketcham had patted down a horse, he took him down a bridge, put it on him, and led him from the stall, which he had refused to leave for months. The horse followed him about like a dog. Mr. Ketcham had him hitched up and drove him. The stallion seemed to know that his former master was pulling the lines over him.

It is alleged that Creseus became obstinate because his present trainer struck him with a stick and that he did not expect that his present owners will experience any more trouble with him.

The Cincinnati, Hamilton & Dayton is preparing to open a new gravel pit a short distance north of Troy on the old Pliska-Troy branch of the main line between Toledo and Cincinnati. The company has bought 14 acres of farm land behind the Riverside cemetery and county infirmary, which are being stripped looking to electricity.

Chicago, May 26.—Additional evidence of the extent to which railroads of the United States are studying the possibilities of electricity as a substitute for steam is seen in the fact that the American Railway Association has decided to appoint a new committee on "electrical works."

As the object of the association is the "discussion and recommendation of electrical supplies," this movement indicates that the railways are keeping informed of the progress made by the pioneers in the electrical movement.

## CIGARMAKERS HOME

After Most Successful Trip Abroad Which Swelled Percentage.

WON FIVE OUT OF SEVEN GAMES.

Series of Sixteen Games at Home Will Begin Next Tuesday.

The Cigarmakers returned home Tuesday night after a most successful trip abroad during which seven games of the nine scheduled were played. The locals won five out of the seven, and were playing the class of ball that indicated that it would have been seven out of nine had all games been played.

At San Felipe park this afternoon the first game of a series of three with the Marion Diggers is in progress. The team will go to Lancaster Saturday for three days and return Tuesday, for the series with Portsmouth, which were transferred on account of the Eagles' State convention next week. The schedule calls for thirteen games at home following the transferred series, which will put the locals on the home grounds for sixteen days in succession, and this fact is an important one to their standing, as they have a good lead in first place and with the opportunity early in the season on the home grounds, they should secure a firm upon the leadership.

Captain Fohl stated this morning that the boys are working fine, showing lots of ginger, and is of the opinion that the Cigarmakers will be hard to beat on this diamond.

Pickett or Kaler will be on the firing line today, and each of them is in good condition, which will add another barrier to the Diggers' attack.

All week-day games will be called at 3:30 o'clock from this date on and the Sunday games at 2 o'clock.

During the trip abroad, the attendance has not been large, and it is anticipated that the local fans will accord the team the support they deserve for the classy ball they are playing.

With the series during convention week, the crowds at San Felipe should be good and place the Lima club on a good financial basis.

The association is composed of fifteen members, each of whom has an air navigating machine either completed, or in process of construction.

WEATHER.  
Washington, May 26.—For Ohio:  
Showers tonight and Thursday.

The most important suit case  
of the season is that of the graduating  
class.

Cincinnati gave the people of  
Ohio a self proving illustration of  
the relation that exists between  
justice and crime, yesterday, when a  
Cox henchman shot a detective for  
tipping off a gang of burglars, whose  
leader was at one time a prominent  
ward politician of the Cox making.  
The same system has prevailed in  
the state under the domination of  
Cox and his aides from Toledo and  
elsewhere. With this slight differ-  
ence, in state matters the bosses them-  
selves did the robbing until Governor  
Harrison became the guardian of the  
people's interests.

Universal praise is being showered  
on Sheriff Van Gunten for his ex-  
pert ability and bravery in chasing  
criminals to earth. No one who has  
committed a crime that comes under  
his jurisdiction seems able to escape.  
In his work he is given valuable as-  
sistance by his capable deputies,  
the combination being one that is  
not excelled in Ohio.

Andrew Carnegie has given one  
million dollars to a "hero fund" for  
France. This sudden, but not un-  
expected burst of benevolence is in-  
teresting due to the fact that a high pro-  
tective tariff in this country permit-  
ted him to sell his products in France  
for less money than he does at home  
and to which France offered no ob-  
jection.

## DISHONESTY OF PURPOSE.

True to its absolutely dishonest  
policy for years the Republican-Gaz-  
ette continues to distort every pos-  
sible public utterance into something  
that will discredit the administration  
of Mayor Becker.

The latest stretch of its naturally  
wicked, unfair, and intentionally un-  
just editorial writer, as his seizure  
under the Pastor's Union resolutions,  
to make that body of righteous  
and fair-minded men say what they  
did not say.

An interview with a prominent  
local divine, that will be found in  
the latter column of this issue, re-  
presents the attitude of the individual  
members of that body, each of whom  
knows no better citizen, no more  
honorable attorney than Mayor  
Becker, and no public official in this  
county that ever strove harder or  
more conscientiously to do his duty,  
as his oath prescribed than Mayor  
Becker.

The general public also has this  
most favorable estimation of Mayor  
Becker, and the best English used  
by the Republican-Gazette in attack-  
ing him convinces all that back of  
the unprincipled assaults there is  
nothing except political animus, and  
a desire for revenge upon the part  
of an attaché of that paper, because  
he failed to land as clerk of the po-  
lice board.

Political Journalism having noth-  
ing back of it except party success  
and personal vengeance never has  
any lasting weight, and that together  
with its dual attitude on questions  
pertaining to the moral welfare of  
the people of this county, accounts  
for the rapid waning of the influence  
of the Republican-Gazette, and when  
men of character and proven honesty  
of purpose controlled its policies.

Kidney disease advances so rapidly  
that many a person is firmly in its

urine is dark, foul-smelling, irregular  
and attended with pain, procure a  
good kidney remedy at once.

Your townspeople recommend

my opinion of Doan's Kidney Pills,  
I could only repeat the testimonial I  
gave in 1898. This remedy was  
used in our family at that time for  
kidney complaint and backache and  
with such gratifying results that I  
was pleased to tell of our experience  
with it. Any case of kidney trouble

**PARLOR MEETING  
AT RECH HOME.**  
Lima Union Asked to Have  
Contestants at the  
Institute.

The parlor meeting of the W. C. T. U. was held Tuesday afternoon, May 25, at the home of Mrs. Vannatta. The program was in the hands of Mrs. Frank Rech, who proved to be a very capable leader. Quite a large attendance of ladies were present, considering the counter attractions for temperance workers in the city.

The W. C. T. U. quartette opened the session by singing "Jesus Lover of My Soul." Mrs. Rech conducted the devotional exercises, reading the 10th Psalm and commenting how like the times at now to what they were when David wrote that Psalm, after which she led in prayer. Motto, for afternoon, "Knowledge is Power."

Mrs. Rech read an article from "The World's Work," concerning some cases of the juvenile court which came under the observation of the probation officer of Columbus, O., showing the difference in tempera-  
ment in children regarding evil associations. The quartette then sang very beautifully, "The Homeland."

An article written by Samuel L. Dickie, president of Albion College, Michigan, on the evil effects of the saloon on its patrons, was read by Mrs. Frank Mullenhour, in which he gave five good reasons of its evil effects showing it never elevated, ennobled or improved human char-  
acter.

Current events given by different members of the Union proved in-  
teresting.

Mrs. Kincaid gave a paper con-  
cerning the plans made by the Na-  
tional and State W. C. T. U. of Wash-  
ington, regarding the welfare of the  
guests at the great Alaska-Yukon  
Exposition to be held in 1903.

Mrs. C. M. Baker, of Elida, pres-  
ident of the Elida Union, also com-  
municated a request that the Lima Union  
would have some contestants ready  
for the county institute in Septem-  
ber, which was favorably received.

awake Union.

Mrs. Exline read a poem, entitled,  
"The Poor Man's Club," followed by  
the closing song by the quartette,  
"For God and Home and Native

ladies adjourned, feeling that they  
had spent a very pleasant and profit-  
able afternoon.

## CHEERY YOUNG LIFE

Of Loren Davies Untimely  
Closed by Attack of  
Tuberculosis.

HE WAS HELD IN  
HIGHEST ESTEEM

By All Who Knew His Ex-  
cellent Worth and Had  
Bright Prospects.

It seems that no walk of life and  
no family is exempt from the visita-  
tions of the dread tuberculosis, and  
on Tuesday afternoon still another  
name was added to the large roll of  
Lima residents who have yielded to  
the plague that is encroaching more  
widely each year in communities  
where constant fights are not made  
against it.

Loren S. Davies, son of Mr. and  
Mrs. William Davies, passed away  
yesterday afternoon at the home, 533  
S. West street, after a brave struggle  
to overcome the trouble that finally  
took his life. Several years ago he  
entered on an apprenticeship as a  
machinist as he had a decided  
talent in that direction. He worked  
faithfully and well and had practical-  
ly completed his apprenticeship and  
was almost ready to work for him-  
self, when his health failed to such a  
degree that he was obliged to give  
up all work.

The deceased was a very energetic  
member of the Congregational church  
and regarded as one of the best and  
most exemplary young men connect-  
ed with it. He was just twenty-three  
years old when death claimed him  
and was the younger son of his par-  
ents.

His father, Mr. Wm. Davies, con-  
nected with the C. C. & B. dry goods store, and Miss Cora  
Davies, a professional nurse, and at  
one time superintendent of the city  
hospital here also survive besides the  
parents and older brother Henry, who  
is located in this city but happened  
to be absent on business in Indiana  
at the time of his brother's death.

The funeral service will take place  
Friday afternoon at one-thirty, and  
will be conducted at the residence  
by Dr. L. J. Swanson. Interment will  
be made at Woodlawn.

Dr. Swan's Bathorium has been  
removed to 522 W. Market St. If  
you are not acquainted with the  
"Bathorium" methods of treat-  
ment and are interested, call and in-  
vestigate. All modern methods are  
used including oxycline, electricity  
(in all forms), vibration, etc. Office  
hours 9 to 12 a. m., 1 to 5 p. m.,

ment.

Two large crowds greeted the ex-  
cellent performance at the Orphum  
last night, it being the first day of  
the Woodmen of the World benefit,  
hundreds of the benefit tickets came  
in and many thousands have been  
sold. The show this week through-  
out is one of the best ever seen in  
Lima. Sammy Watson's "Farmyard  
Circus" is already the talk of the  
town, it is without a doubt the  
greatest exhibition of trained ani-  
mals and fowls in the world, some of  
the finest and most beautiful spec-  
imens and breeds of dogs, cats and  
roosters are included and everyone  
does their share of the performance,  
which bring rounds of applause and  
rounds of laughter from the audience.  
It is an act beyond comparison.

## A PLEASING AFFAIR

Was Annual Banquet of Al-  
len County Dental  
Association.

NEW OFFICERS  
WERE ELECTED

And Every Man Present Re-  
sponded to His Name  
With a Toast.

The annual banquet of the Allen County Dental society was held last evening in the banquet room of the White Cafe, and seventeen members out of the entire membership of twenty-one were present.

The event was called a "Lobster and Crab" banquet, but there were a variety of other appetizing delicacies served during the progress of the dinner which began at six thirty and continued several hours. The long table was decorated with vases of red flowers, and the service and cuisine were perfect.

Dr. D. H. Sullivan presided as toastmaster, and surprised everyone by playing after the final course had been enjoyed and making the state-ment that everyone present had to tell a story, sing a song or dance a jig for three consecutive minutes or forfeit the alternative of paying a fine of fifty cents. There was a great deal of consternation but every man gathered his wits together and made good to the best of his ability, though according to the unanimous verdict of Dr. Banger of Bluffton, carried off the highest honors.

Dr. Thatcher, who will soon leave the association, read a very able paper on a topic of interest to the cult and this was discussed at some length by Drs. Hannister and Bruzelius.

The annual election of officers was also held during the evening and resulted as follows: President, Dr. D. H. Sullivan; vice president, Dr. J. K. Hannister; secretary, Dr. F. L. Foust; treasurer, Dr. A. Dimond. The president appointed the program committee with Dr. Long as chairman, with Drs. J. W. Dimond and A. B. Gray as additional members of the committee.

The banquet and in fact the entire evening was a delightful social season for the dentists and they forgot business cares and worries in several moments of pleasure.

## SPECIAL MEETING

by East Side Improve-  
ment Club.

Many are the members of the East Side Improvement Club getting ready for their fortnightly meetings and find it is inadequate to transact the business necessary and that night found a special meeting, at which the several committees reported and they in session each chairman told the story of the work under his direction.

Several new members were received into the club including T. J. Severy, William Miller, William Ed. Ivey, Clyde Young and E. D. Smoody. One by one all the men have been received and the steady increase of that part of the city has improved the club as they are finding are organized effort is the only way to get anything done for the good of that entire community; the date set to get the park dedication last the only July 15th, will find everything in readiness and the program week, are as hard at work to make thing arrangement a good one and all committees contain some original ideas on one feature.

## LOCAL EAGLES

Making Final Plans Before  
Convention.

The last regular meeting of the Eagles before their great convention, was held last night at the lodge rooms, and a large class was taken into the lodge, a team from Celina doing the initiatory work. The latter proved to be very clever in their work, and the local men were obliged to give them the front seat when it came to fine drilling, etc.

Jack Beall, Jos. Jackson, Peter J. Laughlin and Jerry Sullivan were appointed as official delegates from the Lima Aerie but every separate member will be a delegate when it comes to welcoming the visitors and making them feel that the Lima Eagles are able to make good every promise made when they asked for the convention.

Their old cart or one like man, Mack Altschul, Charles Shapell, F. T. Wickersham, Clyde P. Steen and W. P. Melly, have been appointed a committee to take charge of the arrangements in connection with a committee to be appointed by the Eagles at a meeting to be held this evening, when the Mardi Gras committee will meet.

On Thursday evening of next week, Hover park and all privileges will be extended free to the members of the Fraternal Order of Eagles, and a fine display of fireworks will be given for their entertainment in addition to the numerous attractions.

## WOMEN FRIENDS OF MRS. DILTS WITH TENDER HANDS CARRIED

Flower Decked Casket to  
Church and Thence to  
Cemetery.

AGED FATHER  
OF THE ACCUSED

Murderer Visits His Son and  
Pathetic Scene Took  
Place in Jail.

The little village of Waynesfield, which had known Estella Maud Dilts in her childhood and girlhood days before the storm of life had beaten her down, preceded her for the last time when she was carried to the cemetery.

From the whole countryside had come those who had known her in her earlier days, some drawn by curiosity, which any great tragedy always evokes to a greater or less extent, and many others by their regard for the Atkinson family and for the young woman who had met such an untimely death at the hands of a murderer.

An old friend of the family, Rev. Warren, of Springfield, had been asked to come and conduct the funeral service, and the choir of the Methodist church sang several beautiful old hymns that were meant as much to comfort the living as to remember the dead. The original plan

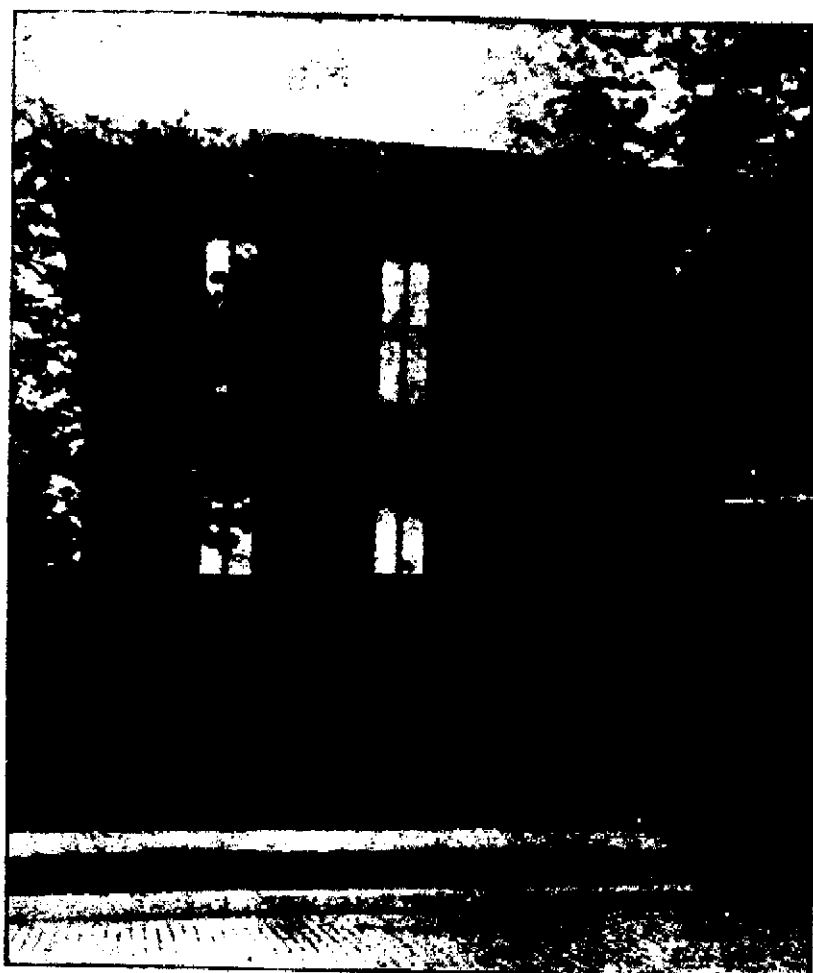

of holding the service in the Church of God was abandoned, as the other church was larger and better able to accommodate the crowd that attended the funeral. Women friends of the deceased had been asked to carry the casket, and it was flanked with flowers, the offerings of those who had known for good qualities of the dead.

Mrs. Dilts was carried from her dilapidated home, on east High street, by a rough casket, the wounds made by the death-dealing bullets, covered by a lay robe, and she lay as if quietly asleep. The terror and fear which are usually associated in the minds of all as inseparable from the features of those who meet a violent death were entirely absent from her face, which was as calmly and attractive looking as it had been in life.

The father and mother, sisters and brothers and many acquaintances accompanied the body on the special car at one o'clock and the funeral took place at two. Willow Branch cemetery, which has received the remains of the grandfather of the deceased, one of the most respected men of that community, as well as other near relatives, is also the last resting place of the woman who met death as few are called upon to meet it.

### Coroner's Inquest.

Coroner Pfeiffer began his inquest in the death of Estella Maud Dilts Tuesday afternoon at 2 o'clock and examined three witnesses, when he was called to Delphos on account of the death of John Foster. The inquest was resumed Wednesday morning, and from the evidence at hand no positive proof has been obtained as to the hand that held the

### SCENE OF THE MURDER.

The accompanying cut shows the house where the murder occurred. This house was erected in 1871 by Richard T. Hughes, at which time he was Treasurer of Allen county, and at the time it was built was one of the handsomest residences in the city, being situated in the vicinity

of other prominent residences of that period. During the past fifteen years the property has changed hands several times, and is now owned by parties in Columbus Grove, and was rented through Beam's real estate agency, and used as a rooming house.

The note was unsigned, but the handwriting resembles that of the letter addressed to Mrs. Beam, and supposed to have been written by Beam Sunday, when contemplating the act of which he is accused.

In the hand-satchel of the deceased was also found a 22-caliber Acme hammerless revolver, fully loaded.

Coroner Pfeiffer stated that he probably would not have his verdict ready before Friday or Saturday.

Wife Called.  
Mrs. John W. Beam, in company with Attorney T. R. Hamilton called

upon her husband at the county jail Tuesday afternoon for the purpose of taking up a few matters of business, which she did, but nothing was mentioned aside from business matters.

### Father Here.

The aged father of the prisoner arrived in the city Tuesday evening and called at the jail to see his son. The scene was a pathetic one, as the father found the son lying upon a cot in the cell assigned to him. The aged man is in the U. S. revenue service in Kentucky, and has been so employed for the past twenty years.

While in the city the father spoke to Attorney R. L. Armstrong & Armstrong in regard to taking up the defense of the case, but no arrangements were completed, nor did the attorneys signify a willingness to take the case.

Attorney R. L. Armstrong represents Beam in the forgery case, which was assigned for trial June 24th, but aside from this had not been his legal advisor. Attorney T. R. Hamilton represents Beam in the civil suit pending, of Alice Bolinger against the prisoner, and is an associate counsel in the forgery case.

### Beam Dependent.

The prisoner appears to be dependent in his confinement, and seems to be of the opinion that he will die. The wounds which he inflicted upon himself are not serious, however, and there is no indication that he will not recover, unless some untoward complications set in.

### Heard on the Side.

It is rumored in authentic circles that when the grand jury meets Tuesday, other cases against Beam, aside from the murder charge will be investigated. During the investigation of the Yokum robbery case, Prosecutor Wells and Mrs. Bolinger received threatening letters, and it is said that these letters were placed in the hands of experts, together with samples of Beam's writing. While it is not positively known, the rumor is that the experts say that the writing was done by the same hand in all cases.

### ON SUSPICION

Young Man is Held at Police Station.

Vern Lanphar was arrested last evening on suspicion, and is held at the police station. It is thought that he is guilty of snatching a pocket-book from a Mrs. Green, but no affidavit has been filed and the officers have not been able at this time to learn the facts or find the complainant.

### DR. BEAM GONE.

U. S. Marshall Trying to Serve Subpoena.

Deputy U. S. Marshal Wagner, of Toledo, was in the city endeavoring to locate Dr. H. S. Beam to serve a subpoena for him to appear before the Federal court. The nature of the case assigned could not be learned. The marshal was unable to locate the colored physician and it is believed that he has left the city, and returned to Kentucky with his father, who was in the city to call upon the son, now in the county jail.

## LESION OF THE HEART

Caused Death of John Foster at Delphos Yesterday Afternoon.

**BROKEN NECK FOLLOWED FALL**

But Fatality Resulted From Heart Trouble Which Caused Fall.

Coroner Pfeiffer returned from Delphos shortly before noon today and reported that the death of John Foster, which occurred yesterday afternoon at that place, was due, not to a broken neck, as at first supposed, but to a valvular lesion of the heart, as was demonstrated by the autopsy held, and the verdict was rendered accordingly.

Mr. Foster was working for the Delphos Manufacturing Co., and was busily engaged in loading a number of rolls of galvanized iron for shipment to Washington, D. C., and had just stepped from the railway car onto the dory when a passerby saw him fall, striking his head with great force on the ground. Assistant was near at hand, but nothing could be done for the man, who died before a physician could arrive.

It was found that the neck was dislocated by the fall, but death was primarily due to the attack of heart failure that caused the fall.

The deceased has been a railroad man for many years, having been conductor on all the roads running into Delphos, but principally for the Clover Leaf. He has recently been working, however, for the firm by whom he was employed, where he was struck. His wife and a family of several children survive him. The deceased was identified with several lodges, among them being the I. O. O. F. and the Modern Woodmen.
